from the Albion Day Lodge.
Hikers may ride the shuttle down.

Castilleja Linariaefolia
"Indian Paintbrush"

Each year, the Cottonwood Canyons Foundation takes over 2,000 kids on watershed and ecology-based school field trips in the canyons, hosts the Wasatch Wildflower Festival, Kids Day at Silver Lake and many more free and educational hikes, snowshoe tours and guided programs. Its volunteers contribute over 8,000 hours of service to educate visitors on the watershed and to maintain the canyons' trails and help fight the spread of invasive weeds in this magnificent ecosystem. CCF actively partners with over 20 local businesses, organizations and groups to improve the health of these important watershed and national forest lands. CCF is a local, non-political, not-for-profit organization. To find out more, visit cottonwoodcanyons.org.
